**MOTION TO AMEND REPLY
TO THE DEFFENDANTS OPPOSITION
TO A TEMPORARY RESTRAINING ORDER**

I, David Martin, ask that this court allow me to amend my reply to the defendant's opposition to the temporary restraining order. In support of this motion I state the following; The first version of my reply was filed 11/20/21 which was ahead of the deadline to reply. The second or Amended version was filed on the deadline to reply (11/21/23). The amended version contains some critical arguments as it pertains to the issues at hand. On 11/22/2023, I noticed a typo. In the argument labeled "Removing the state case was proper and necessary". I made an incorrect reference to 28 section 1446. In the first amendment, I referred to (C) (3). This was a typo on my part. I actually intended to refer to (B)(3). B is the portion that describes general requirements for removal. (B)(3) describes cases that may become removable.

Wherefor I pray:

1. That this court accepts my amended documents.
2. Any remedy that this court can provide.

Date of signing: 11/22/23
