**JURISDICTION AND VENUE**

This action is brought pursuant to 42 U.S. Code § 1983. Civil action for deprivation of rights. The US. District Courts have jurisdiction because **the "very purpose of § 1983 was to interpose the federal courts between the States and the people, as guardians of the people's federal rights." Mitchum v. Foster, 407 U. S. 225, 242**

This action is brought pursuant to the 28 U.S.C. § 1331. **"The district courts shall have original jurisdiction of all civil actions arising under the Constitution, laws, or treaties of the United States."**

The US District court has jurisdiction over the pending state litigation under 28 U.S. Code § 1441. "(c) Joinder of Federal Law Claims and State Law Claims".

**United States District Court  
Northern District of Illinois**

The US District Court has jurisdiction over the pending state litigation under 28 U.S. Code § 1446 Removal of civil actions. The pending state litigation has become removable.

This case is being filed in federal court because of several constitutional violations. This court should exercise jurisdiction over the pending State court litigation because **“this Court has long adhered to principles of pendent and ancillary jurisdiction by which the federal courts' original jurisdiction over federal questions carries with it jurisdiction over state law claims that "derive from a common nucleus of operative fact," such that "the relationship between [the federal] claim and the state claim permits the conclusion that the entire action before the court comprises but one constitutional `case.' " Mine Workers v. Gibbs, 383 U. S. 715, 725 (1966); see Hurn v. Oursler, 289 U. S. 238 (1933); Siler v. Louisville & Nashville R. Co., 213 U. S. 175 (1909). Congress has codified those principles in the supplemental jurisdiction statute, which combines the doctrines of pendent and ancillary jurisdiction under a common heading. 28 U. S. C. § 1367. The statute provides, "in any civil action of which the district courts have original jurisdiction, the district courts shall have supplemental jurisdiction over all other claims that are so related to claims in the action within such original jurisdiction that they form part of the same case or controversy under Article III of the United States Constitution." § 1367(a).**

**FEDERAL QUESTIONS**

- 1.) Whether or not I was deprived of due process of law.

**BRIEF STATEMENT OF FACTS**

1. On or around May 2017, Illinois Dept of HFS filed a petition for arrearages.  
Ms. Thompson was the plaintiff in that petition; however, she did not provide a mailing address or an email address... Among many things, I responded to Ms. Thompson's petition with a 2-619 motion to dismiss and a counter claim. My 2-619 motion contained an argument and defense against Ms. Thompson claims for contribution of College Expenses.
2. On May 25<sup>th</sup> 2021, Judge Mackoff entered a final and appealable judgment.  
After the hearing. Judge Mackoff gave Ms. Thompson an in-depth lecture about hiring a lawyer. He told her that I was going to file a motion for a default judgment, and that bad things would happen if she did not have a lawyer. Judge Mackoff then told Ms. Thompson that he would talk to her in more detail after the call.

**United States District Court  
Northern District of Illinois**

3. On June 7<sup>th</sup> 2021, I filed a notice of appeal. Ms. Thompson was served the notice of appeal at her address 3550 South Giles Avenue Unit 4N Chicago, IL 60653.
4. On June 16<sup>th</sup> 2021, I filed the docketing statement with the court of appeals. Ms. Thompson was served the docketing statement at her 3550 South Giles Avenue Unit 4N Chicago, IL 60653.
5. On or around June 22<sup>nd</sup> 2021 Attorney Keith L. Spence filed an appearance.
6. On July 13<sup>th</sup> Attorney Spencer filed a motion for contribution of college expenses.
7. On October 29<sup>th</sup> Judge Marita Sullivan issued an order for the “Defendant to appear”
8. On December 3<sup>rd</sup> Ms. Thompson did not appear, and as a result Judge Julie Aimen Struck the case from her call. **(See exhibit A)**
9. On January 7<sup>th</sup> 2022, Judge Julie Aimen issued an order for the “defendant to appear” on January 31, 2022. via zoom ID: 984 1388 9930; Passcode 102870. **(See Exhibit B)**
10. On January 10<sup>th</sup> I refiled my motions to correct the court record. These motions were previously filed several times. Most notably November 29<sup>th</sup> and December 13<sup>th</sup>.

**United States District Court  
Northern District of Illinois**

11. On January 12<sup>th</sup> 2022, I was diagnosed with COVID 19.

12. On January 31<sup>st</sup> a default order for contribution of college expenses was entered against me

**ARGUMENT**

**COUNT 1**

**DEPRIVATION OF RIGHTS**

**UNDER COLOR OF LAW**

I allege that I was deprived of my right to due process under the color of law by; Judge Gregory Ahern, the county of cook, The circuit court of cook county and its employees, The Clerks of Cook County, The State of Illinois and its employees...

**Section 1 of The Fourteenth Amendment of the United States Constitution**

**Provides that**

**“All persons born or naturalized in the United States, and subject to the jurisdiction thereof, are citizens of the United States and of the state wherein they reside. No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty, or property, without due process of law; nor deny to any person within its jurisdiction the equal protection of the laws”.** It has been well established that (**“The hallmarks of procedural due process are notice and an**

Hanover Bank & Trust Co., 339 U.S. 306, 313, 70 S.Ct. 652, 94 L.Ed. 865 (1950).”).** I allege that I was not given proper notice of the proceedings that took place on January 31<sup>st</sup> 2022. On or around January 10th I contacted the clerk's office for a hearing on my motions to correct the court record. The clerk explained that there was already a court date scheduled for 9:30 AM on January 31st 2022. I asked her what the hearing was for, She said that it was for contribution of college expenses. She then provided me with zoom ID: 984 1388 9930; Passcode 102870. At 9:30 AM on January 31st 2022, I attempted to connect to that zoom ID and was unable to do so. I immediately called the clerk's office and explained that I was unable to connect to zoom using the ID that she provided. She apologized and said that she gave me the wrong zoom ID. She then told me that my case was in Judge Julie B. Aimen's court room, and the zoom ID was 966 5031 4052, passcode: 167210. When I connected, Judge Aimen told me that my case was no longer in her court room. She said that my case was in Judge Ahern's court room and provided me with zoom ID: 836 1836 1978, passcode: 527306. When I signed into Judge Ahern's zoom ID, I explained to him that I was here for my motions to correct the court record. I also explained that I had just become aware of the plaintiff's motion for college expenses, and that was up for hearing today. Judge Ahern told me that he was not aware of this. He then said that the State was not present in court on that day. He then scheduled a court date for 9:30 AM on February 25th. I later found out that judge Ahern put in a default judgment against me. **(See exhibit C)**... At 9:30 AM On February 25th I joined Judge Ahern's zoom ID. The state's attorney said that my case was not on her call. Judge Ahern then told me to come back on March 10th at 2:15 PM. I returned on

**United States District Court  
Northern District of Illinois**

March 10th, and I objected to the court's jurisdiction (**see affidavit**). That objection was denied. Puzzled by the chain of events, I went down to the courthouse to find Judge Aimen's order for my appearance on January 31st (**Exhibit B**). Upon inspection of the order, I found the zoom ID provided (984 1388 9930), did not belong to Judge Aimen and did it belong to Judge Ahern. I never received a notice for the hearing on January 31st. If I had, it would not have mattered because there was an insufficiency of service of process. The order written on Jan 7th 2022, directed me to appear via zoom ID: 984 1388 9930. This was obviously not correct because I appeared on time and was not able to connect to a zoom room. I was then forced to play three card monte with the judge's zoom ID's to figure out where my case was being heard. In addition this case has been transferred between several judges since Mackoff's final judgment. According to Circuit Court General Order NO. 1.3 (e ) transfer orders shall be in writing. There is no transfer order on file. In addition, I never received any notice that the case was being transferred between judges. It has been well settled that due process of law includes notice and opportunity to be heard. I argue that I was deprived of due process because I was given incorrect zoom info and I was never provided a transfer order.

United States District Court  
Northern District of Illinois

**COUNT 2**

**DEPRIVATION OF RIGHTS**

**UNDER COLOR OF LAW**

I allege that I was deprived of my right to due process under the color of law by; Judge Gregory Ahern, the county of cook, the circuit court of cook county and its employees, the clerks of cook county, The State of Illinois and its employees...All of the aforementioned allegation apply here. On June 7<sup>th</sup>, 2021 I filed a notice of appeal for judge Mackoff's judgment for child support arrearages. The law specifically states **"When the notice of appeal is filed, the appellate court's jurisdiction attaches instanter, and the cause is beyond the jurisdiction of the trial court."** (People v. Carter 38\*38 (1980), 91 Ill. App.3d 635, 638.) I alleged that the cook county clerks intentionally altered the record on appeal. This led to me filing a petition in circuit court to correct the record on appeal. According to **Illinois Supreme Court rule 11, the circuit court's jurisdiction is limited to correcting the court record.** In my efforts to correct the court's record, I became aware that Ms. Thompsons filed a claim for college expenses sometime after my appeal. This led to me filing a motion to object to the circuit court's jurisdiction. On March 10<sup>th</sup>, I appeared via a circuit court zoom call before Judge Ahern. I informed the judge that I was only there for the purpose of correcting the court's record for my pending appeal, and to object to the court's jurisdiction (**see affidavit**). Ms. Thompson's and her Attorney Keith Spencer did not make any opposing arguments as it regarded to the court's jurisdiction. Judge Ahern contended that the court had Jurisdiction, but his order contains no findings of jurisdiction. The order

**United States District Court  
Northern District of Illinois**

generically stated that I objected to jurisdiction, and that objection was denied. After I received the court order, I realized that it may appear that I participated in the proceedings. I emailed Judge Ahern and Attorney Spence to ask that the court order be modified to indicate that I did not participate in the proceedings, beyond my objection. My request was ignored. Subsequently, I filed a motion to certify my bystanders report of the March 10<sup>th</sup> proceedings. **According to Illinois Supreme Court Rule 323(c)**, after being provided a copy of the report, any party may propose their amendments or present an alternative report. Ms. Thompson and her lawyer were promptly served with copies of my report. On June 8<sup>th</sup> 2022, during a zoom hearing, Judge Ahern mistakenly admitted that he did not have jurisdiction over my case. He said “ I don’t have Jurisdiction to do anything because this case is being appealed.” To which I responded “I know, but you’ve already entered a judgement on this case while it was in the court of appeals. I am just here to certify my bystanders report so that I can have your judgment properly appealed.” I also went on further to contend that his court could have not had jurisdiction because there was a pending jury claim for the same exact issues. The Judge before him, had already granted the request for a jury trial, and the case was supposed to have been transferred to the Law division. At that point Judge Ahern told me to hold on while he cleared his other cases.... After clearing the other cases, Judge Ahern then said “I’ve read your motion to certify the record. I don’t agree with that. I won’t certify it”. He then went on to say “It’s a final order here, you can go ahead and appeal it, take your appeal up there if that’s what you so choose to do.” I then went on to explain “that there has to be some input from the opposing party or from the court specifically as to what’s not correct, because it’s a motion to essentially preserve the

**United States District Court  
Northern District of Illinois**

record for appeal.” Judge Ahern then went on to say “I don't agree with what you said in your report; so I'm not certifying it.”... He also went on to say that I participated in the case. At this point I allege he is lying or simply being untruthful. To prove this, I then asked “Okay, so what is it that you don't agree with? That's what I'm trying to figure out”. To which he responded There's a lot of it I didn't agree with and I'm denying your motion... I don't have to. I don't have to go through and write my own record.... I searched and was not able to find any case law that would allow Judge Ahern to refuse to certify the court record. In fact, **Supreme Court Rule 323(c ) provides that “any other party may serve proposed amendments or an alternative proposed report of proceedings...the appellant shall, upon notice, present the proposed report or reports and any proposed amendments to the trial court for settlement and approval. The court, holding hearings if necessary, shall promptly settle, certify, and order filed an accurate report of proceedings.”** I argue that according to the law, Judge Ahern does not have the discretion to flat out deny my motion to certify my bystanders report. According to the law, he has the duty to propose amendments to my report or present an alternative report so that the matter can be settled and certified. I allege that he can't make any substantial amendments or propose an alternate chain of events because everything I provided in my report is accurate. I allege that Judge Ahern is biased. He knew that he did not have jurisdiction when he entered the judgment for college expenses. He is now being untruthful, saying that I participated when I clearly didn't. The record is absolutely clear that my jury request was granted, and the case was in the court of appeals at the time. Judge Ahern is now blocking the certification of the record so that I cannot effectively appeal his judgment. I argue that I am being

**United States District Court  
Northern District of Illinois**

deprived of my constitutional right for a fair and impartial hearing. **The right to a fair trial is "a basic requirement of due process" and includes the right to an unbiased judge. In re Murchison, 349 U.S. 133, 136, 75 S.Ct. 623, 625, 99 L.Ed. 942 (1955). In addition Due process requires both fairness and the appearance of fairness in the tribunal. "[T]o perform its high function in the best way, `justice must satisfy the appearance of justice.'" Murchison, 349 U.S. at 136, 75 S.Ct. 623 (citing Offutt v. United States, 348 U.S. 11, 14, 75 S.Ct. 11, 99 L.Ed. 11 (1954)).** I argue that this trial lacks the appearance of fairness. There was never a real controversy in Ms. Thompson's claim for college expenses. I offered to pay for our son's college expenses several times and Ms. Thompson turn those offers down each time. Ms. Thompson has never asked me to assist her with paying for my son's college expenses and neither has my son. This case was supposed to have been transferred to the law division, but somehow made it to Judge Julia Aimen's court room. After she entered a judgment, the case was magically transferred to Judge Ahern's court room with no rhyme or reason. A transfer order does not exist, despite the fact that the circuit court rule requires that a transfer order be written for all transfers. I've complained of these types of transfers in the past. I allege that the purpose of such transfers was to allow the case to go to a biased judge. Again it was plainly clear that the court did not have jurisdiction. When I bring this to the courts attention, Judge Ahern simply lies and prevents me from making the court record.

the Federal Rules of civil procedure 15.**

**Wherefore, I Pray:**

- 1. Any remedy that this court can provide**
- 2. That I receive a fair and impartial hearing**
- 3. That there be a certification of the circuit courts record.**

AFFIDAVIT OF PROCEEDINGS  
ON MARCH 10, 2022

I, David Martin, first duly sworn upon depose and states that I am over the age of 18, suffer from no disability and if call as a witness, could competently testify on my own personal knowledge, as follows:

On March 10<sup>th</sup>, 2022, at 2:00 PM, I logged in to zoom and appeared in Judge Gregory Ahern's room at: Meeting ID: 836 1836 1978 Password: 527306. After logging in I was placed into a waiting queue. As the proceeding was not scheduled to start until 2:15 PM. Around 2:19 PM, I became worried that I would not be let into the hearing. As a result, I called Judge Ahern's clerk at 312-603-4808. No one picked up, so I began

leaving a voice mail. Getting close to the end of my voice mail, I noticed that it appeared that I was being let into the room. I quickly finished my voice mail and hung up. After I hung up the phone, It became apparent to me that I was simply in another zoom waiting room. I waited a few minutes, then I called Aherns clerk again to see if I could get some one on the phone. I ended up starting another voice mail. Around 2:30 PM I was let into the room where Judge Ahern and Attorney Spencer was present. I instantly heard Judge Ahern say something to the effect "Oh there he is". Attorney Spencer at some point said that his client Ms. Thompson was trying to get into the room. After some time, Ms. Thompson entered the room. I informed the court that I was appearing only to correct the court's record and to object to the courts jurisdiction to hear a claim for contribution of college expenses. I argued that this case is currently in Illinois Court of Appeals. Then, I informed Judge Ahern that I was in his court room the day he entered the default judgment, but I was held in a zoom back room. Judge Ahern responded saying that he lets everyone enter his zoom once he starts court. I then argued that I already defended myself against Ms. Thompson claims and that this case was already heard. As a result of that hearing, I filed a notice of appeal and a docketing statement. Arguing, that the Court of Appeals has jurisdiction over this case. Judge Ahern responded saying that these are separate cases. I insisted saying that they are the same case, and that res judicatta should apply to Ms. Thompson claim for contribution of college expenses. Judge Ahern said that I was wrong. Judge Ahern then asked when was there a hearing. To which I said please give me a second, let me get that

information... I then replied that the hearing was on May 25<sup>th</sup> 2021. Judge Ahern then asked when did I appeal, I responded saying that I appealed the judgment on June 7<sup>th</sup> 2021. Attorney Spencer responded saying that he never received a copy of the appeal. I then stated that both the appeal and docketing statement was sent to MS. Thompson at her home address. Attorney Spencer was not apart of the case when I appealed. I explained that Attorney Spencer filed the motion for college expenses after this case was already in appeals court. Judge Ahern then told us to wait for a second. He then stepped away from the zoom session. After about 10 minutes, he returned, he firmly stated that the cases were separate. He then read Judge Julie Aimen's last judgement which stated that I failed to appear. He then told me to raise my right hand to be sworn in. After swearing in, he asked if I had a relationship with my son. I responded saying that I was only here to correct the court record and to object to jurisdiction. I told him that I was not participating in the hearing of Ms. Thompson's claim for contribution of college expenses. Judge Ahern said that's fine, you don't have to participate if you don't want to. From that point on, I simply observed the proceeding... In that proceeding, the plaintiffs did not present any proof of actual cost, such as tuition receipts, rental leases, or rental receipts. Instead, Attorney spencer spoke about the estimated cost of attending college. Ms. Thompson said that Emanuel has his own apartment which she pays for. The cost of that apartment is \$900 a month. Judge Ahern then asked if Emmanuel was working. Ms. Thompson said he had two jobs, but those jobs did not work out... At some point Judge Ahern said the total cost could not exceed \$37k a year. Attorney

spencer said the total cost was about \$25k a year. Judge Ahern then granted Ms. Thompson an order for \$25K, split between both Me and Ms. Thompson after credit is given for student loans, Pell Grant's, etc. After granting the order, it seemed as if Judge Ahern was going to end the zoom call. Fearing this, I quickly interjected saying what about my motions. Judge Ahern respond saying oh, I read your proposed order. He then said that there was nothing in the preposed order that seemed unreasonable. He then checked with Attorney Spencer to see if there was any objections. Attorney Spencer Acknowledged that there were no objections. At that point Judge Ahern granted my order to correct the court record and the zoom session ended. I received copies of the order sometime after the session ended. I felt uncomfortable after inspecting the order. As it appears that it may mislead the reader to believe that I participated in the proceeding. I emailed Judge Ahern and Attorney spencer to request that the order be modified to show that I did not participate in the proceeding for college expenses beyond my objection. I never received a response from either Judge Ahern or Attorney spencer. Given the chain of events, I want to make it clear that I did not participate in the proceeding for contribution of college expenses. I strongly believed that the court did not have jurisdiction to hear Ms. Thompson's claims for college expenses.
